

September 17 is Constitution Day. All across our country, we celebrate the blessings of liberty bestowed to us by the Founders.

Congresswoman Kaptur commemorated the event by speaking to government students in Amherst.

“The Constitution is the wellspring of our rights and freedoms. Its inspiration echoes through the corridors of history,” said Congresswoman Kaptur.

She urged the students to reflect on the lessons and legacies of the Founders and the genius inherent in one of the most remarkable and enduring documents in the history of the world.

Below are ten facts on the U.S. Constitution from the National Constitution Center.

10 Fast Facts on the Constitution

1. The U.S. Constitution was written in the same Pennsylvania State House where the Declaration of Independence was signed and where George Washington received his commission as Commander of the Continental Army. Now called Independence Hall, the building still stands today on Independence Mall in Philadelphia, directly across from the National Constitution Center.

4. Some of the original framers and many delegates in the state ratifying conventions were very troubled that the original Constitution lacked a description of individual rights. 5. Of the 55 delegates attending the Constitutional Convention, 39 signed and 3 delegates dissented. Two of America's "founding fathers" didn't sign the Constitution. Thomas Jefferson was representing his country in France and John Adams was doing the same in Great Britain.

6. Established on November 26, 1789, the first national "Thanksgiving Day" was originally created by George Washington as a way of "giving thanks" for the Constitution.

7. Of the written national constitutions, the U.S. Constitution is the oldest and shortest.

8. At 81, Benjamin Franklin of Pennsylvania was the oldest delegate at the Constitutional Convention and at 26, Jonathon Dayton of New Jersey was the youngest.
